Norma

Like a child's drawing of a chair, Norma is reduced to its essence: stark, lightweight, polished. This formal purity is leavened by vibrant colors, natural materials, lively details and topstitching. Originally conceived in leather, it now includes upholstered models and durable metal and veneered legs that extend its range and use. Norma is available in chair versions with three backheights, stool and lounge with hard leather covering or fabric and leather upholstery cover. Hard leather versions are available with top stitching or decorative, inverse zipper. Upholstered versions are available with top stitching only. Lounge is available in hard leather only with top stitching or decorative, inverse zipper. Painted, chromed and veneered metal legs extend the durability of upholstered chair and stool versions for contract use.
